

CHINESE GOVERNMENT HEADS SOUTHWARD FROM NANKING

ELECTION IS UNDER WAY IN JEWISH STATE

About 40,000 Arabs Are Expected to Participate in First War-time Ballotting

TO CHOOSE ASSEMBLY

Tel Aviv, Israel, Jan. 25.—(P)—Citizens of Israel voted today in the Jewish state's first elections. It was a war-time election, with about 40,000 Arabs expected to participate. The returns were not expected to be announced before Friday because it will take that long to hear from all the outposts and truce lines where Israel's soldiers are voting. For security reasons it was unlikely the civilian vote would be announced separately.

The 400,000 Israelis expected to vote today will choose 120 members of a constituent assembly which will draft the state's constitution, set up a government, replacing the present provisional regime, chart a course of peace or war and in general lay what is intended to be the permanent foundation of the new Jewish state.

A large piece of that foundation fell into place when France announced recognition of the state, and the British government decided to do so in a few days. Australia, New Zealand, Belgium, the Netherlands and Luxembourg were expected to follow. France was the 23rd nation to recognize the state.

Amidst negotiations with the Egyptians at Rhodes dragged, however, and prevented a sure foundation of peace being laid. Dispatches from Rhodes said the talks were in temporary lapse until Thursday, while both sides consulted their governments on the territorial stalemate over the Negev desert.

The mildly Leftist Labor Party (MAFAI), headed by Prime Minister David Ben-Gurion, and Foreign Minister Moshe Shertok, was considered by most observers to be in a position of leadership as the voting began. Twenty-one parties are participating in the election.

The main challenge to the present government, a united front of several parties, came from the freedom movement which Menachem Beigin organized from his former underground army. Yigal Yizel, and from the far-left United Workers party, Mapam.

There also is a Jewish Communist party.

There are three all-Arab lists of candidates, and a coalition which wants the new state to be founded strictly upon Hebrew religious lines, including strict dietary laws, compulsory religious education and state control of religious services.

One party has a one-plank platform to incorporate Jerusalem in the new Jewish state. There also is a woman's party.

LEBANON SPUDS FOR MARGARET TRUMAN

Lebanon, Jan. 25.—(P)—Margaret Truman, who denied published reports she had given up eating potatoes, is going to get a 100-pound bag of Lebanon county's best spuds.

The potatoes were started on their way yesterday by Pennsylvania's Potato Blossom Queen, Mildred Gible Deuber, of Myers-town, after she had asked for and received a statement from the president's daughter denying the no-potato report.

CRITICALLY BURNED

New Castle, Jan. 25.—(P)—Mrs. Mary Jessum, 76, was critically burned today while attempting to light a stove in her New Castle home. She was taken to Jameson Memorial Hospital suffering third degree burns.

COLDER TONIGHT

Pittsburgh, Jan. 25.—(P)—The weather bureau forecast cloudy and colder weather tonight and tomorrow, accompanied by freezing rains. An overnight low of 30 was predicted.

All American Plans To Start Passenger Service On May 9

Washington, Jan. 25.—(P)—All American Airways said today it is "shooting at May 9" as the date for beginning service on its recently authorized Pittsburgh-New York route.

David L. Miller, All American's sales manager, said, however, it is too early to say absolutely that operations will begin on that date.

Rep. Van Zandt (R-Pa.) said he was informed that All American will start service with two round trips daily: One eastbound and one westbound in the morning, and one eastbound and one westbound in the afternoon. At a later date, he said, another round trip may be added in the early afternoon.

Air Force Steps Up "Hay Lift" For 180,000 Snow-Marooned Livestock In Nevada Area

Ely, Nev., Jan. 25.—(P)—The U. S. Air Force stepped up the "hay lift" today for 180,000 snow-marooned Nevada livestock—a move already hailed as "a plumb good deed" by stockmen.

With pinpoint precision, the first of the huge flying boxcars dumped their cargoes of alfalfa hay to 10,000 sheep on their ranches in a 200-mile radius. The results were so successful that stockmen spokesmen—skeptical at first—said all efforts would be made to make direct drops from the air wherever possible.

Seventeen huge V-82 planes from McChord Field, Seattle, were available for the hay lift from Fallon, in western Nevada, to Ely, 260 miles to the east. Takeoffs were scheduled at daybreak from Fallon. All possible efforts were made to speed the loading of the planes to keep them all in full operation.

Stockmen have predicted that probably half of 45,000 cattle in a tri-county area, snowbound for two weeks, face starvation. The losses among 135,000 head of sheep are expected to run even higher if the feeding operation is not a speedy success.

"We saved thousands of sheep today, and a considerable number of cattle."

Two major threats still faced the stockmen. One was the danger of winds which would again close freshly-opened roads with drifts. The other was the need of getting water to the stock. The snow is powdery dry and unsuitable as water.

The ranchers are paying about \$30 a ton for hay. The planes, with a capacity of 10 tons of cargo, can carry only five tons of hay because of the bulk.

More emergency funds for the storm-stricken western plains states were sought in congress today.

The first cash aid for the blizzard-swept western plains states came yesterday from President Truman who made available \$100,000 for immediate aid for snow-bound and livestock.

The funds are for relief in the Dakotas, Nebraska, Utah and Nevada—the areas which have been hit by severe snow storms and cold weather for the last several weeks. About a million sheep and tens of thousands of cattle are stranded in the desolate areas of the western ranges.

Resolutions were placed in the senate and house seeking an additional \$500,000 emergency allocation for the storm emergency area which the Bureau of Land Management estimated covered more than 20,000 square miles. The area includes 25 communities and 38 mining operations cut off by the deep snows.

There was no heavy snow in the storm area but cold weather continued. The mercury was below zero over the Dakotas, Colorado, Utah, Nebraska and also in Montana and Wyoming.

Penn'a Oil Industry Renews Fight Against Gas Price Hike

Harrisburg, Jan. 25.—(P)—The Pennsylvania oil industry renewed its fight against a proposed increase in the state gasoline tax with a promise today to take its case to the state's motorists.

The Associated Petroleum Industries of Pennsylvania, ignoring Gov. James H. Duff's suggestion that oil companies absorb any tax boost challenged the state highways department to "prove, factually and satisfactorily" that a tax increase is necessary.

"The governor's (highway) program can be carried out without any increase in gasoline taxes if the highway department full utilizes the federal aid funds available to it," the association stated.

Two Deadlines For Motorists of State

Harrisburg, Jan. 25.—(P)—The revenue department reminded today that all motor vehicles in Pennsylvania must be inspected by midnight, Jan. 31.

Drivers' licenses for 1949 must also be renewed by the same deadline date.

Otto F. Messer, acting secretary of revenue, said that 3,508,401 operators' licenses were issued during 1948. Up to Jan. 24, he said, 2,800,000 applications for renewal were received. It was estimated that 3,100,000 would be renewed by the deadline.

Messer said there would be no extension either for automobile inspection or renewal of driver licenses.

Taft-Hartley Repeal Meets Stormy Action

Washington, Jan. 25.—(P)—A bill to repeal the Taft-Hartley labor law sped today toward stormy senate action, with aroused Republicans threatening to rewrite the whole measure on the floor.

Eight Democrats on the senate labor committee teamed up against the five committee Republicans yesterday to set a February 10 deadline for winding up hearings on the bill. The Democrats apparently intend to replace Taft-Hartley with an "improved" Wagner act all in one step, with hearings starting Friday.

One of the out-voted Republicans, Senator Morse of Oregon, who favors Taft-Hartley repeal but only after longer hearings, said the GOP will have its day when the bill goes before the full senate.

"If we are not heard in the committee," he declared, "we'll be heard on the senate floor."

Another committee Republican, Senator Taft, of Ohio, has said much the same thing. Commenting on the group's action yesterday, Taft said the resolution offered by Senator Pepper (D-Fla.), "doesn't mean what it says in any respect."

He told reporters after the closed committee meeting that the resolution is worded to look like the "two-package" approach favored by labor: Repeal Taft-Hartley in one bill and amend the Wagner act in another.

Actually, the Ohioan claimed, the measure would accomplish both steps at once.

NARROW ESCAPE

Greensburg, Jan. 25.—(P)—Mr. and Mrs. William Small of nearby United, and their two-year old daughter jumped from their stalled auto seconds before it was hit by a Pennsylvania Railroad freight train on a crossing seven miles south of here last night. The auto was demolished.

The six countries in the Council already have extensive trade relations among themselves and during recent weeks have signed many agreements to step up their trade even further.

DEMAND PROTECTION

Pittsburgh, Jan. 25.—(P)—Resolutions demanding more city policemen and revising of state laws to make the punishment fit the crime in sex cases were adopted at a meeting of Homewood-Brushton district residents last night. This is the area where Carole Lee Kensing, 12, was hacked to death in an unsolved slaying.

Duff already has stated he plans to ask for no tax changes except a one or two cent increase in the state's four cent gasoline levy.

One report was that the budget was being delayed until a decision is reached on the amount of a state subsidy to carry out Gov. Duff's program to encourage construction of low-cost housing.

The governor said the commonwealth should help private enterprise meet the housing shortage by granting state subsidies. The details, however, have yet to be worked out.

Still in the background were expected disputes over renewal of the state's soft drink tax, due to expire automatically May 31 unless enacted, and proposals to drastically revise the 1947 local tax law.

Senator Myers (D-Pa.) is confident he is going to get somewhere this time with his flood control project at Bradford, Pa.

The Keystone state's senior senator introduced a bill yesterday calling for improvements over 35,330 feet at an estimated cost of \$6,470,000.

The project would involve channel improvement on Tunungwank Creek from its head to a short distance below Foster brook, on the east and west branches of Tunungwank creek through Bradford and on the lower reaches of Bolivar run, Kendall creek and Foster brook.

Army engineers have estimated the improvement would provide protection against highwaters 500,000 but he predicted the first few issues would run "considerably higher than that figure." No price has yet been set for the Sunday edition.

The Post-Gazette's action will give Pittsburgh three Sunday newspapers with The Press and The Sun-Telegraph. It marks the first major change in newspaper publishing arrangements since 1927 when four dailies and two Sunday editions were merged into two dailies and a Sunday.

The Sunday Post-Gazette will include two comic sections, a rotogravure section and a magazine. One comic section will be standard size and the other a tabloid with most of the comics now published daily. The rotogravure section will be printed by the Standard Gravure Corp., Louisville, Ky.

Myers told a reporter yesterday he is confident the Bradford project will be included in the next over-all authorization bill. Then, he said, he will urge appropriations to finance the work.

Myers' plan calls for local participation in making highway, utility and other adjustments. He estimates this cost at about \$1,442,400. Maintenance at a cost of \$26,500 a year also would be a local responsibility.

SOVIET BLOC ORGANIZES AN AID COUNCIL

Russia, Bulgaria, Hungary, Poland, Romania and Czechoslovakia in Economic Group

OTHERS ARE INVITED

Moscow, Jan. 25.—(P)—Russia and five other eastern European nations have organized a "council of economic mutual assistance"—obviously as an answer to the Marshall plan.

A communique issued today announcing the plan said the United States and Britain are "boycotting" the six nations economically because they do not belong to the Marshall plan.

A consideration of "these circumstances," representatives of the Soviet Union, Bulgaria, Hungary, Poland, Romania and Czechoslovakia met in Moscow this month.

They "discussed the question of organization of broader economic cooperation of the countries of the peoples' democracies and the U.S.S.R."

The council appears to be an attempt at an eastern counterpart of the organization for European Economic Cooperation, the planning body of the Marshall plan nations. This interpretation was strengthened by a Tass dispatch received in London which said in addition to stimulating trade, the council's job will be to give technical help and economic experience and give one another a hand "in regard to raw materials, foodstuffs, machinery and equipment."

The council left the door open for other nations to join. "The conference recognized," the announcement said, "that the Council of Economic Mutual Assistance is an open organization which other countries of Europe may enter—countries which share the principles of the Council of Economic Mutual Assistance and which wish to participate in broad Economic Cooperation with the above mentioned nations."

Finland, which did not participate in the Marshall plan, obviously can apply for membership in the new group.

(A portion of this dispatch is missing at this point, possibly because of Soviet censorship.)

Yugoslavia and Albania were among the countries whose representatives met in Moscow to set up the Council.

The six countries in the Council already have extensive trade relations among themselves and during recent weeks have signed many agreements to step up their trade even further.

Pittsburgh to Have New Sunday Paper

Pittsburgh, Jan. 25.—(P)—Publisher William Block announced today that The Pittsburgh Post-Gazette, this city's only morning newspaper, would enter the Sunday field with seven-day publication beginning March 27.

Block said national advertisers have been guaranteed an average Sunday circulation of 200,000 but he predicted the first few issues would run "considerably higher than that figure." No price has yet been set for the Sunday edition.

Proposed \$500,000,000 Vets Bonus Heads Toward Speedy Enactment In Pa. Legislature

Harrisburg, Jan. 25.—(P)—A proposed \$500,000,000 veterans bonus headed toward speedy enactment today in the Pennsylvania legislature.

Leaders of the Republican-controlled general assembly gave the right of way to a proposed constitutional amendment to provide the funds for payments to World War Two veterans ranging up to \$500.

"I am going to call it up first thing," announced Sen. John M. Walker, senate GOP leader, "so that it will be the first law of the 1949 session."

The upper branch already has given the measure, identical word for word with one approved two years ago, two readings and a final vote is possible today. It will be rushed to the house of representatives for the same speedy consideration there.

Action on the bonus measure came as Republican leaders were confidently predicting the 1949 session will be the shortest in years. The lower house has made March 3 the deadline for introducing new bills except appropriation and tax measures.

"We are already weeks ahead," commented Walker. "We are aiming for final adjournment by April 1 and I don't see any reason why we can't make it."

In the house, the prediction was the more conservative date of April 30. Walker indicated that Gov. James H. Duff's budget for the next two years will be laid before the legislature next Monday.

Duff already has stated he plans to ask for no tax changes except a one or two cent increase in the state's four cent gasoline levy.

PEACE OFFER IS BROADCAST BY COMMUNISTS AS POPULACE POURS OUT OF STRICKEN CITY

Nanking, Jan. 25.—(P)—The Chinese government headed southward today a few minutes after the Communists offered by radio to meet National peace envoys in Peiping.

A foreign office spokesman revealed the southward move without giving the government's destination, which, presumably will be Canton. Some ministries already left for Canton.

The government and Communist announcements both came as Red patrols arrived on the north banks of the Yangtze river not far from the capital.

Removal of the seat of the government was expected to be completed by the middle of next month, an official spokesman said. The peace offer was broadcast as the capital's populace poured out of the Red periled city, which was raped in 1937 by the Japanese.

The formal foreign office statement said: "With reference to the transfer of the seat of the government southward, the ministry of foreign affairs, in accordance with the decision of the government has this evening, Jan. 25 sent identical notes to foreign embassies and legations in Nanking."

The note followed the failure of the government to get the embassies to move southward when they were notified on Jan. 19 that certain ministries would be moved to Canton.

The formal notice of the government's move was regarded as a further effort in that direction. One official source said the timetable for completing the government's move would run to about the middle of February.

The Red radio broadcast its offer to meet the peace envoys of the government as Communist patrols reached the opposite bank of the Yangtze river.

A radio spokesman for the Communists said the talks could be held in Peiping as soon as that ancient north China city, taken Saturday by the Reds, "is completely liberated."

He said acting President Li Tsung-Jen's five man peace delegation was acceptable to the Communists except for one member, Peng Shao-Hsien. Peng was identified by the Red broadcast as a member of the strong Rightist clique of the Kuomintang (government) party.

Other members of the delegation are Shao Li-Tze, Chang Chin-Chung, Huang Shao-Hsiung and Chung Tien-Sin.

The Red spokesman listed "certain conditions" to which the government must agree for the peace talks to be held. Among them were the eight points laid down by the Communist leader Mao Tze Tung on Jan. 14. Li already has said he would accept them—and they mean virtually total surrender.

The radio spokesman said the Communist "war criminal" list, announced after Chiang Kai-Shek's year end statement, could not be considered complete. Chiang, now in at least temporary retirement, had that list. It also includes Li and many other National leaders.

The radio response to the government's offer to send a delegation to talk peace stirred hopes that negotiations could be started soon enough to save Nanking from bombardment.

The capital was being feverishly evacuated by many government officials and citizens.

The exodus was general. Fear-stricken thousands clogged streets demanding tickets and

space to the north. Trains were jammed. Even foot movement around the rail stations was next to impossible.

One official source said the government would leave "very soon." Various officials said their orders were to get out "by tomorrow at the very latest."

Grand Valley Youths Tell Of Accident

Titusville Herald: After reading The Herald yesterday, three Grand Valley youths came to Titusville and told local police it may have been their car, a 1941 Chevrolet, that was involved in Sunday morning's motorcycle accident near the P. R. R. crossing on South Franklin street.

Robert Chappel, 21, George Padden, 19, and Glenn Padden, 17, told Capt. Roy V. Loomis last night they were unaware that any accident had occurred at the time.

Arch G. McCammon, of 501 East Central avenue, suffered a compound fracture of the lower left leg when his motorcycle rammed against a building at 2 a. m. A passenger, Walter Evans, of 301 West Spring street, was treated for a shoulder injury.

Capt. Loomis said no charges were placed against the Grand Valley youths and that the police investigation is continuing. The license number turned in Sunday morning was much different from the number of the Grand Valley car.

Police examined their car for scratches and dents that might indicate they were in an accident, but found nothing.

The three youths said they were parked across the street from Conner's restaurant. When they started home they didn't see any lights of approaching vehicles and turned left onto Mechanic street.

Intruder Is Apprehended By Officials

City police last evening were called to Prospect street where, as indicated by the investigating officials as Alcie Robillard, 309 Laurel street, was attempting to force his way into the home of Philip Benner, 423 Prospect street, and G. E. Kehrl, 427 Prospect street.

Mrs. Benner and Mrs. Kehrl told police that Robillard had gone first to the Benner home where he rapped on the door and inquired if Mr. Benner were home. When told he was not, Robillard is alleged to have attempted to enter the house, but Mrs. Benner succeeded in locking the door in time to prevent the entry. She then went to the telephone and called police and her neighbor, Mrs. Kehrl.

When Mrs. Kehrl started for the Benner home, she told police she met Robillard on her own porch and he again inquired if Mr. Kehrl were home. When told he was not, Robillard is said to have tried to force his way into the Kehrl home, pushing Mrs. Kehrl toward the door. She also succeeded in getting inside and locking the door. Robillard then went to the rear of the home.

By that time, police had arrived and secured a description of Robillard. They picked him up in the 600 block of Pennsylvania avenue, east, and took him to the Prospect street homes where, according to the police, the ladies readily identified him.

Robillard will be charged with disorderly conduct before Justice of the Peace Tracy M. Greenlund today.

COUPLE WOULD KEEP ABANDONED WAIF

Pittsburgh, Jan. 25.—(P)—An eight-day-old girl may prove the answer to the dreams of an Air Force veteran and his wife on whose doorstep she was found.

The tot, wrapped in a striped towel and wearing a white cotton dress, was found yesterday by John Pelkofer, a combat Air Force veteran who said he and his wife since their marriage three years ago have wanted a child more than anything else.

Pelkofer notified police who took the baby to Roseha Hospital. Authorities said Pelkofer, who filed a "priority" request for adoption of the infant, would have to wait six months.

At the couple's request, the little girl was named "Judith."

"I've always been sort of afraid to handle a baby so small, but I sure picked her up quick," Pelkofer said. "Six months seems a life time to wait. We wish we had her right now."

M'Kean Man Is Freed In Rifle Slaying

(From Page One)

When he started the car, the gun went off. The shot struck his wife in the head. She was pronounced dead on arrival at Kane hospital.

The gun was found by officers along the highway. Smiley said he threw it out of the car "because it had caused so much trouble."

Nearly four days was consumed in selecting a jury to try the case. Most of the nearly 150 persons excused from service said they did not believe the death penalty should be based on circumstantial evidence.

Judge Charles G. Hubbard, giving the case to the jurors late last night, said only three verdicts were possible: First or second degree murder or acquittal.

Bull in a China Shop--But Really!

This is a scientific experiment. Jack Rankin, of Hamilton, Ontario, Canada, wanted to know exactly what would happen if a bull got in a china shop. So he rode Ferdinand through his own china shop and found out. Rankin concluded bulls in china shops do less damage than one would think; they seem to prefer smashing the cheaper grades of merchandise.

P. A. System Teaching Aid at High School

Beginning with the new year, another teaching aid is being used in the Warren High School, the C. Beckley Company having been in charge of installation of a fine new public address system.

A similar system was installed in Beaty Junior High School last year and has proved so useful that school board provided this additional facility for the high school.

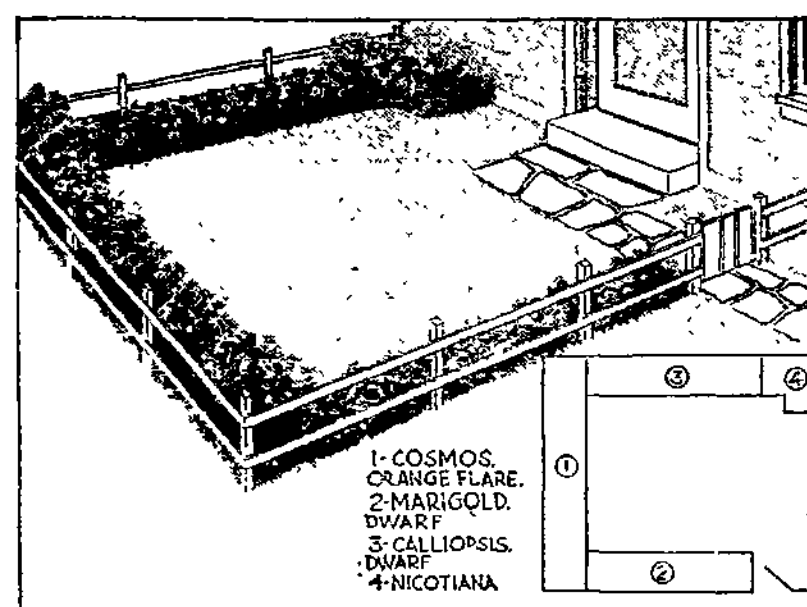

The unit, which has been installed in the office of Principal Floyd Bathurst, consists of an amplifier; a radio capable of receiving both short wave and regular amplitude modulation programs; a record player which will play both regular or radio recordings; a two-way communication system and necessary switches. Programs may originate in either the office or the auditorium.

Large speakers have been installed in the auditorium, the gym, the study hall and the library, with smaller speakers installed in the other rooms of the building. A microphone has been provided for the office and the auditorium.

The equipment installed is of Stromberg-Carlson make, the same as is being used at Beaty, and offers many possibilities.

A radio program may be heard in one room, or any combination of rooms, or in 40. The same is true of a recording or a program broadcast at the school, and programs may be combined in many ways.

It is also possible to talk back and forth between the office and any room. While it will not commonly be used in such a manner, it is possible that a number of rooms may be listening to a radio program, another group of rooms to a recording or program originating in the auditorium, and still talk back and forth between

Dooryard Flower Gardens in Fashion for New Homes

Dooryard flower gardens are growing in popularity in communities of new homes, and the fashion promises to spread throughout the country, transforming the appearance of older sections where flowers in front yards have rarely been seen.

The fashion is well suited to the new one-story homes, of which thousands have been built in all parts of the country. Gay flower beds and borders give the simple lines of these houses a decorative frame which enhances their appearance. The flowers never grow so high as to obstruct the windows. A flower-banked door extends a friendly welcome to callers, and one painted in tones of yellow and brown. All these plants will grow easily from seed sown direct in the garden. Flowers a few weeks earlier may be obtained by starting seeds in an indoor box.

White flowers of any color combination, or mixture, will be beautiful in a dooryard garden, regardless of the color of the house, delightful effects may be produced with color schemes worked out by amateurs having a gift for decoration.

Protest Over Trains Being Aired Today

Corry Journal: While the Corry Chamber of Commerce has declined to join other communities in this area in an official protest over the removal of four trains on the Buffalo and Renovo divisions, the matter will be discussed with railroad officials with commerce groups in Oil City and Titusville Tuesday.

At 11 o'clock W. O. Teuffel, general superintendent, and N. M. Lawrence, superintendent of the Buffalo division, will meet with members of the Titusville chamber and at 3 p. m. the same officials will discuss the proposed removal of trains 980 and 981 with Oil City representatives.

In a previous announcement the Pennsy said the trains would be taken off next month because of the lack of revenue.

It is anticipated that both the Oil City and Titusville business men will urge the line to reconsider its action and continue the service.

The scheduled action of the PRR will leave as the only passenger train on the Buffalo division Nos. 980 and 981 making a trip once daily each way between Corry and Oil City to haul the Pullman car from New York City to meet the main line here. The same train now runs between Oil City and Buffalo with the Buffalo-Corry stretch to be dropped.

Obituary

WILLIAM D. TODD
Services in memory of William D. Todd, 4 Second avenue, were held at 2:30 p. m. Monday at the Leo D. Gibson Funeral Home, conducted by his grandson, Rev. Galbraith Hall Todd, pastor of the Arch Street Presbyterian church in Philadelphia. Dr. H. A. Rindard offered prayer. Bearers for interment in the family plot in Oakland cemetery were Benjamin H. Taylor, Robert Brown, Todd Siggins, Paul Brown, David Siggins and Quinn Smith.

PAUL B. LANING
Paul B. Laning, 45, died at 7:30 p. m. Monday, Jan. 17, in New York City.

He was born near East Branch in Warren county on June 10, 1903, a son of Mrs. Minnie Laning, formerly of Union City, and the late Martin Laning. After he reached 18 he spent most of his life in the Army and Marines.

Besides his mother, he leaves one brother and three sisters, Robert Laning and Mrs. Lela Perkin of Union City, Mrs. Gertrude Foster and Mrs. Ava Sutton of Route 2, Titusville. Another brother, William Laning of Erie, died in May.

Funeral services were held at the Glenn funeral home in Union City, with Rev. Russell Freeland of the Missionary Alliance church officiating.

The following nephews were pall-bearers: Homer and Merle Foster, Clarence Burrows, Lewis Laning and Richard Parlin. Interment was in Evergreen cemetery at Union City.

DAVID W. SIMPSON
Funeral services in memory of David W. Simpson were held at his home in Russell at 2:30 p. m. Monday afternoon, conducted by Rev. Palmer N. Taylor, pastor of the Russell Methodist church.

Further services were held this afternoon in Rimersburg, with the following serving as bearers for interment in the cemetery at that place: Berdelle and Charles Malone, Delbert Leslie, Gilbert Ludwig, Arnold Jewell and Charles Tubbs.

Present from out of town for yesterday's rites were Allen, Robert and Loyal Rankin, Rimersburg; Mr. and Mrs. Charles Tubbs, Sheffield; Mrs. Florence Malone, Arlene Malone, Charles Malone, Mr. and Mrs. Gilbert Ludwig, Mr. and Mrs. Arnold Jewell, Mr. and Mrs. Berdelle Malone, Warren; Mr. and Mrs. William Benner, Mrs. Edith Benner, Mrs. Fannie Gardner, Mrs. Twila Benner and Mrs. Mary Stone, Buffalo, N. Y.

IN MEMORIAM
In loving memory of William L. Cable who passed away January 25th, 1942.

I'm remembering you,
Never could forget
Your Christlike attitude toward life,
Toward all the things that fret;
And in remembering,
My heart grows calm;
Your influence
Lives in hearts that knew you;
And, without a quail,
Have learned to face life
With a courage true.

Something's cooking at the Community Center and it's due to boil over on Thursday night, when Gene Clancy stages his "Benefit For All Who Attend." Tickets for the affair, very reasonably priced, entitle the holder to plenty of round and square dances and the popular polkas, all to the music of the Town Barn Band. The community center has one of the best dance floors in miles, and everyone from far and near is invited and urged to turn out and have fun.

MONTHLY MEETING
The monthly meeting of the general WSCS of First Methodist church will be held Thursday evening, with a tureen dinner in Founders Hall at 6:30 o'clock. Mrs. Andrew Bar and her committee will furnish dessert and coffee.

The meeting to follow in Dunham parlors will consist of a panel discussion of the Advance Program, a movement which is being carried on throughout Methodism. The society's part and responsibility in the plan will be explained and emphasized by the panel participants. Mrs. E. C. Slick will offer several musical selections.

HIT-RUN DRIVER CAUGHT
City police yesterday arrested Wayne Anderson, 28 Morrison street, at his home about 5:30 p. m. following a complaint of his damaging a car belonging to Nu-Guard Chemical Company. Anderson will be charged with leaving the scene of an accident. Damage to the company car amounted to about \$600 when Anderson is alleged to have hit the vehicle with his car. Anderson was recognized by an employee in the Nu-Guard company office on Hammond Road. Police went to Anderson's home, where he denied having been anywhere near the scene of the accident; but when confronted with broken glass and flecks of green paint taken from his car which matched the color of the company car, he admitted to police that he was responsible for the accident.

CORYDON

Corydon, Jan. 24.—Corydon township auditors recently met at the home of Mrs. A. M. Kraft to audit the township supervisor's book and conduct other routine business matters. The local board is composed of Mrs. Mayme Kraft, Mrs. GlenDine LaDow and Mrs. Ruth Crooks.

A good turnout of members attended the Foreign Missionary work meeting held at the home of Mrs. B. M. Stoltz. During the afternoon session a comforter was completed. A tureen dinner was enjoyed by all those present.

Wednesday Night Social club members were entertained at the home of Mrs. LeRoy Bennett. Awards were made to Wilma Black, high; Lida Wilcox, second high; Lotie Whyte, traveling token; Hulda Black, consolation. The affair was concluded with a supper luncheon.

Approximately 25 persons attended the card party sponsored by the local Grange organization. Five tables of five hundred occupied the evening. Awards for high card score went to Mrs. L. J. Whyte and Roy Bennett; consolation, to L. J. Whyte and Mrs. E. L. VanSickel. Mrs. Jessie Bennett was awarded a cake and a second cake went to high bidder, Mrs. Ora Carahan. Refreshments concluded the pleasant affair. Serving on committees were Mrs. Roy Adams, Mrs. George Siebert and Mrs. Leo Whyte.

Funeral services in memory of Miss Munnie Roper were held last Friday at the Povers funeral home in Jamestown. Miss Roper spent practically all her life on the Roper farm, Elk township, and was a well known and respected citizen of this valley section. Mr. and Mrs. LeRoy Bennett attended funeral services from Corydon.

Mr. and Mrs. H. C. Funk and son of Corydon and Chester, were in Washington, D. C., to attend the inauguration ceremonies.

Mr. and Mrs. Cloyd Snyder and son, Roger, left over the weekend for Brookville, where they will reside.

Claud Gibson, of Mayville, was a recent visitor at the home of Mr. and Mrs. L. J. Whyte.

Miss Mayme Marsh and Miss Wilma Stryker have returned to Warren after spending the past week with Mrs. L. R. Stryker.

Mr. and Mrs. Marshall Wilcox, residing in Warren, were local week-end callers.

Mrs. George Akers has returned from Warren, where she spent a short time with the Ralph Akers' family.

George Means and family spent last weekend here with local relatives.

Gray Lady Corps Functioning At Warren General Hospital

It has been indicated previously in these columns that Warren General Hospital is to enjoy the added services of a new group known as The Gray Lady Corps, new in Warren and in the local hospital but not in the many other communities where this Red Cross branch has been established.

Now the training period is over and the Gray Ladies have gone to work, with two members on duty in the morning hours, two more in the afternoon and a third pair serving in the evening.

Gray Lady Service, the official name of the former Hospital and Recreation Corps, evolved from the activities of a group of volunteers banded together in 1918 to provide a variety of friendly and helpful services to the sick and convalescent at Walter Reed Hospital in Washington, D. C. At that time the gray dress was adopted as the official uniform of these volunteers and the name "Gray Ladies", affectionately bestowed by the patients, became the customary designation.

The services of these volunteers were later broadened to meet many needs in civilian hospitals. Gray Lady duties are not to be confused with those of the professional nurse, but are closely allied in purpose. Their duties are component parts of a total program dedicated to the comfort and recovery of the sick, the injured and the handicapped.

A few of the services in a civilian hospital such as Warren General are: Visiting patients in wards and at bedside; arranging and distributing gift flowers; distributing mail and assisting patients unable to carry on their own correspondence; shopping for patients; serving as guides for visitors; serving at the reception desk; and conducting an informal desk for the benefit of patients and their visiting friends and relatives.

The group has been organized by Mrs. Richard Dawson, chairman, and trained under the direction of Mrs. Hazel Smith, superintendent of the institution, and Miss Clara Hammer, director of nurses.

Those who have completed the training course and are now serving the hospital as Gray Ladies are:

Mrs. Mary Corah, Miss Grace Campbell, Mrs. F. A. Beardsley, Mrs. P. L. Davis, Mrs. G. A. Carlson, Mrs. W. N. Hutchings, Mrs. Paul Harrington, Mrs. M. G. Keller, Mrs. H. L. MacBride, Miss Dorothy Newell, Mrs. R. C. Schorham, Mrs. H. W. Blair, Mrs. G. W. Buerkle, Miss Bess Rothschild, Mrs. A. E. Soderholm, Mrs. H. J. Rue, Mrs. Grace Siegfried, Mrs. Virgil Zetterlund, Mrs. Bishop Yates, Mrs. Emmons Wade, Miss Mildred Blair, Mrs. Imogene Brown, Mrs. Marjorie Dougherty, Mrs. A. E. Drum, Mrs. E. W. Knapp, Mrs. J. W. Luce, Mrs. H. A. Logan, Mrs. E. E. Koebly, Mrs. E. W. Stober, Mrs. F. W. Emhart, Mrs. William H. Rudolph and Mrs. Ann Monroe.

Youngsville Cub Scouts In Minstrels

Youngsville, Feb. 25—There was a good attendance for the Cub Scout Minstrel Show presented in the high school auditorium, with all in the program. The lads had the cooperation of their Den Mothers and Dads in preparing the program but were on their own on the eventful evening, going through their routines like black-face professionals.

Lee Thompson acted as interactor, wearing a high hat and a propinate coat, with the end men, Arvon Chamberlin, Denny Engstrom, Jack Bailey and David Mourer. The boys spoke loudly and plainly so that each question and answer brought a laugh from the audience.

The lads with black faces and big yellow ties sang lustily such favorites as "Dixie Land," "Old McDonald Had a Farm," "Susan-na," "There Are Smiles," "I Wish I Was Single Again," "Buttons and Bows," "Tankee Doodle," closing with "Good Night Ladies." Mrs. Wyllys Johnson was the accompanist for the entire program of Cub Pack 30.

Harvey Garis, one of the Den Dads, welcomed the guests at the beginning of the show and spoke a few words at the close of the evening's program.

Dinner Meeting

The January dinner-meeting of the ministers of Youngsville, was held at the home of Rev. and Mrs. Earl Carlson. Rev. William A. Chamberlin, Jr., who has come to Youngsville with his wife and daughter, Susan, as a resident of Bates street, and is now reorganizing an Episcopal congregation with a view to building a church in Youngsville, was welcomed into the local Ministerial Association. In connection with his work in Youngsville, he will be vicar of St. Luke's church in Kinzua and St. Martin's at Hemlock, and assistant to the pastor of Trinity Memorial church, Warren.

Mrs. Frank Bauer and Mrs. Lillian Freeborough left Sunday for Arizona. They went to Cleveland and from there took the southern route. They will go through a part of Texas en route. Mrs. Bauer will visit her daughter in Tucson and Mrs. Freeborough will visit a sister in Phoenix. They expect to be gone about a month.

Pvt. Jack Richards who has completed his basic training at San Antonio, Texas, has been spending a ten-day furlough with his parents, Mr. and Mrs. Cleve Richards. Young people of the Methodist church taking part in the opening service at 11 a. m. Sunday were Miss Ardelle Johnson, Warren Jones, Jr., and Donald Walter. A vocal solo was given by Donald Abern.

Mr. and Mrs. Frank Black, on a trip to California, have been delayed by weather conditions. They are driving through in their car and expected to avoid cold weather by taking the southern route. A card written from New Mexico on January 18 to a local friend, stated they had been delayed in a small town in New Mexico for three days by a blizzard, but hoped it would warm soon and they could get on their way. Mr. Black had been working as a carpenter in a new town in California earlier in the winter. In December he came here and is now returning with his wife. The new town near the Pacific coast has been named Wheeler. The home which the Blacks will occupy when they arrive is now completed. The post office in Wheeler is not yet established so friends who wish to write Mr. and Mrs. Frank Black should address them at a nearby town of Rockford, Calif., in care of the Wolf Creek Lumber Company. Mail so addressed will be carried to them.

MEANEST THIEF

Bradford police Sunday labeled the person who took an Infantile Paralysis Fund receptacle from the Main Street diner the "meanest thief in the world." The theft was reported to police by the manager of the eating establishment, who said that approximately \$4 was in the container. The receptacle had been placed in the diner to raise funds to aid sufferers of polio.

COUNTY RELIEF REPORT

Ramsey S. Black, state treasurer, reported that direct relief payments made to needy residents of Warren County during the week ending January 20 show an increase of \$15.00 over those of the previous week. Payments for the week totaled \$215.00 which was \$129.00 higher than those of the comparable week of last year. Payments by the Bureau of Assistance Disbursements in the State Treasury Department follow: Current week, \$215.00, previous week, \$200.00.

G. I. BENEFITS

Joseph D. Benson, Warren county director of veterans' affairs, with offices in the court house, sent out a reminder this week to all veterans concerning deadlines for application for benefits under the GI Bill. June 30, 1949 is the final date for making application for automobiles or other conveyances by amputees. It is also the final date for applying for the Illinois state bonus. Veterans discharged before July 25, 1947, have only until next July 25 to apply for readjustment allowances for unemployment. Veterans discharged after the 1947 date have until two years after discharge.

MISINFORMATION

Titusville Herald: More misinformation about the Drake Well. Frank Mellors furnishes the Herald with a copy of the Daytona Beach Weekly Guide that contains this gem from the typewriter of "Public Sight-Seeing": Meeting Bill Richards, 75-year-old ambassador of good will for the Elks, Mr. Richards is retired and lives in Holly Hill. He worked for the Standard Oil for years and years. He was in Titusville, Penna., when a crew drilling a water well struck oil and it turned out to be a gusher. This was the first oil found in that state. Respectfully referred to the curator of the Drake Museum.

There's More to An Ad Than Reading It!

Here are the necessary steps to reproducing an ad in the Times-Mirror:

1. After the Ad Man has sold the ad it must be properly laid out and scheduled.
2. It goes to the mark up man who marks the type sizes and styles on it.
3. The Linotype operators set all the machine type.
4. The printer sets the hand type.
5. The compositor puts all the pieces together. Proofs it.
6. The proof reader makes the necessary corrections.
7. The floor man sets it in the page forms.
8. The stereotyper rolls a mat of the complete page form.
9. The press room boys make a round cast of this page.
10. Put it on the press... start the press... clean out the nigger heads and sinks on the page.
11. Now the paper is ready for the circulation department... it goes either to the newsboy or the Post Office.

Here Mr. Merchant is the reason why we at the Times-Mirror must have your copy not later than 2 P. M. two days before publication...

May we have your co-operation

ABC ON RENT CONTROL

Here's an ABC on the highlights of the bill to keep rent controls two years more, introduced by some of President Truman's Democratic leaders in both houses of Congress Monday:

Rent control dies March 31, 1949 unless Congress passes a new law. This bill, if it becomes law, will extend rent controls to March 31, 1951.

It seems certain Congress will pass some kind of law to keep rents down. If it acts on this bill, it may make changes in it before voting it into law.

So this story explains the bill as it stands now. In general, it would continue control as now, under a top man, called a housing expediter, and local advisory boards.

But it would toughen the present law and give the government more controls.

This bill would let the expediter charge a wilful violator with a criminal offense. The penalty if found guilty in court: up to one year in jail, or a \$5,000 fine, or both. (Under present law, there's no criminal penalty for anything. A tenant can sue a landlord, who overcharges him, for triple damages.)

(Or, the expediter can ask a judge for an order telling the landlord to stop overcharging.)

The bill would put back under control all hotel accommodations, except those for transients only.

Under this bill a landlord would have to get permission of the expediter before he could put a tenant out of his house or apartment.

(The present law allows a landlord to evict a tenant for six or so reasons laid down in the law, without the expediter's permission.)

This bill would continue for two years or more the housing preference given war veterans under the present law. This means:

1. You couldn't sell a single family house which you built or converted after June 30, 1947—unless you did it for your own use—without letting a veteran have first chance to buy it.

2. You couldn't sell it for less than the price offered the veteran.

3. The same goes for any house or apartment or room that is offered for rent and has been converted after June 30, 1947.

What about a place where the tenant voluntarily signed a lease agreeing to let the landlord raise his rent 15 per cent in the past year or so?

Such a place isn't under control now, even under present law. But under the new law it would go under control—but at the lease rental. In other words, the landlord couldn't get another increase.

What of a place where you had such a lease, with a 15 per cent increase, and the lease has now ended?

Even under present law the place would go back under control when the lease ended. The bill would put it under control, too.

Does this mean that in either case the rent would be rolled back to some figure that existed before the lease was signed? No.

It would simply mean the landlord could not boost you after this bill became law, without the expediter's approval.

SOME CURRENT OIL FACTS

(Franklin News-Herald)

Along with the new dip in the price of Pennsylvania crude oil, it's interesting to note the United States is now importing more oil than is produced by the whole state of Louisiana, third largest producer in the nation.

National pipeline mileage has been expanded one-third since 1939. Refinery expansion has also kept pace, and there are enough refineries functioning now to process 6,400,000 barrels of oil daily. Since the war, refineries have been operating above 90 per cent capacity.

Venezuela, it might be added, has hiked production 13 per cent during the past year, with an output three times what it was in pre-war days. Frankly, here's the oil picture:

World output of oil right now is 9.4 billions barrels a day, compared with the 1939 daily average of 5.7 barrels.

And like so many other industries, the oil industry in Pennsylvania is finding we are now in a buyers' market—and so the price sags. This is not so encouraging for the small producer in the Pennsylvania stripper field, where prices of materials and operations remain high.

We've seen some advance samples of spring hats—women's clowning glory.

One good way to forget the cost of living is to live so that it's well worth it.

Here And There

This And That: Lewis Rehr, of Oil City, has been recommended for the position of superintendent of senate supplies in Harrisburg, by Harold R. Clark, chairman of the Venango Republican committee. The position was formerly held by Webster D. Allen, of Oil City, well known to many politicians in Warren. The recommendation will be presented to the senate for approval by Senator Chapman. In two Mercer county communities last week, Sharon and Grove City, punch-board operators were arrested by police. One paid a fine of \$50 and costs, the other \$15 and costs. Says an editorial paragraph in the Franklin News-Herald: "Franklin's 31-to-26 victory over Warren High school Friday evening was another of those games for the books. The crowd came early to take in all the thrills, and fans were pleased beyond measure." A program presented by the Rapp Dance Studio of Warren will be given at the meeting at two o'clock Thursday of the Washington school mothers club in Sheffield. Mild weather, with above-freezing temperatures, has permitted many farmers to begin their "spring" plowing, a survey of the rural areas reveals. There is little, if any, frost in the ground and the soil is in excellent shape. And that reminds us, there is considerable activity among owners of sugar bushes in the county, with a run of sap expected now any day. . . . says Johnny Nelson, in the Bradford Era "Sports Corner," "Only Warren has stopped the high-scoring Kane Wolves who are making a chameleon of the Mountain league race." . . . So far it's strictly a Kane party with the other clubs battling to see who will finish second. . . . Jim Hengel, new boys' work secretary at the YMCA held a meeting of the men's committee for his department late Monday afternoon and those who had volunteered to work with this particular group found that the hustling young official has mapped out a "man's sized job" for the committee during the coming months. . . . It was pleasing to learn that one of the activities planned for the boys' department this year is a Warren YMCA camp at Findley Lake in August. That should prove a popular project. . . . Members of the Cedar Springs Ski club of Hamilton, Ont., 96 strong, were to converge on Bradford over the weekend for a skiing party, and the Bradford officials were worried because there wasn't any snow. . . . St. Mary's is without a member of the Committee and the Kiwanis club may carry the community's fight to retain two trains the Pennsylvania Railroad, it is rumored, may discontinue. . . . Mrs. Josephine Jones, of Jamestown, found a package on the floor of the city hall. It contained \$500 in bills. She returned it to the owner who said "thank you" and walked away. . . . Through their own efforts Mr. and Mrs. Barrell Dwyer, Bear Lake, are reported to have saved their two-story frame house when a fire, starting from an over-heated furnace, threatened the entire structure. The couple extinguished the blaze with buckets of water, but not before approximately \$500 damage was done to the basement in the form of ruined wiring and charred rafters.

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

1929
Regular weekly assembly was held at East street school, Friday morning, with a play "Mother Goose and Her Thirty Children" being given with the following in the cast: Frances MacEvoy as Mother Goose, Douglas Dickson, Donald Newton, Clair Proulx, Joan Bristol, Stuart Dickson, Thomas Wickstrom, Jane Allen, Dorothy Leaf, Gilbert Buerkle, Robert Teller, Elaine Carson, Alice Pixley, Maxine Matthews, Jane Selin, Robert Cogswell, Sarah Jordan and Jack MacDonald. U. S. Steel hit a new high record in a steadily advancing market. . . . A wooden bicycle built about sixty-five years ago, loaned to Metzger-Wrights by Ozro Nesmith, of Water street is now being shown in one of the store's side window on Second avenue. The seat has a spring; the handlebars show the careful work of wood carver, as do the pedal bar and the frame, which are reinforced by hand-forged iron; the wheels are wooden with thick spokes and strips of canvas over their flat rims to deaden the noise, if not their bumps. But the brake is the classic, being of the wagon type and fastening to the handlebars by a lever where it connects to the front wheel. Mr. Nesmith's grandfather took it in exchange for a modern wheel at one time, seeing its value as an antique.

1939
C. Frederick Tears, Jr., East street, a junior in chemical engineering at Cornell, is the recipient of the orchestra director's annual award to the member making the most progress on any instrument for the year. . . . Ludlow's Wildcat Park is attracting skaters and spectators with the ice in perfect condition. Temperatures just below the freezing point and an absence of wind have helped to make skating conditions ideal. At night, the ice is illuminated by electric lights and radio music furnishes an accompaniment. . . . Scouts of Troop 11, under the leadership of J. E. Springer, and members of the U. S. Forest Service, will journey to Guffey to study conservation methods being employed in the timber standing and improvement project in progress there. Scout officials accompanying them include C. W. Rogers, Homer Mohr, Hartwell Willey, Raymond Morrison, Joe Vesco and James Sealie. . . . Two young women from Warren who are attending Oberlin College, are among the students participating in a joint concert of the Oberlin Musical Union and the Oberlin Conservatory orchestra. They are Clarence Suter, daughter of Prof. and Mrs. R. O. Suter, Jefferson avenue and Rosanne Calderwood, daughter of Mr. and Mrs. George Calderwood, Verbeck street.

News Of The World As Seen In Pictures

End of the Joy Ride

Four Cleveland boys who went out looking for adventure ended up instead in the Heflin, Ga., jail. It started when Eugene Beyer, 13, third from left, stole \$5000 from his grandfather. He got his pals together and headed south in a stolen car. Now they are returning home to face the music. Last May Beyer stole \$6000 from his grandmother, and he and four friends were halted in Chicago. Left to right are Sheriff Ewell Norton; Jack Chambers, 12; Beyer; Roy "Fat" Jones, 16; and patrolman J. R. Jones.

Three Guesses

You're looking up into the world's tallest drilling rig, located in the swamps of Louisiana. This rig is the most powerful ever assembled, and is designed to drill 10,000 feet into the earth in a search for oil. The pipe you see suspended inside the rig is 153 feet long.

Family Affair

The President and Vice President-Elect and their families leave Blair House for the inauguration ceremonies on the Capitol steps. Left to right are Mrs. Truman; Margaret; Mrs. Max Truitt Barkley's daughter; the President and Vice President-Elect Barkley.

Making a Light Turn

A new plastic "light pipe," as flexible as garden hose, that can be used to turn corners with beams of light has been developed at the Westinghouse Research Laboratories, Pittsburgh, Pa. Here the plastic tube makes a U-turn to throw a beam of light on Dr. Richard C. Hitchcock's face. The two-inch thick tube can even be twisted into a knot and still conduct light.

It's the McCloy

John J. McCloy, president of the World Bank, thinks that the "bold" new plan President Truman outlined in his inauguration speech may have originated with him. McCloy sent some papers to the President, outlining a plan of aiding backward peoples through World Bank long-term loans.

Sitting Out the Ball

Showing signs of weariness after a long day, President and Mrs. Truman watch the large crowd of dancers from the Presidential box.

Succeeds Chiang

With the temporary retirement of Generalissimo Chiang Kai-shek as president, Vice President Li Tsung-jen, above, became the head of the Chinese Nationalist government. Li is an ardent advocate of peace with the Communists.

DP's Find Refuge in Canada

Over 50,000 DP's have found a new lease on life in Canada, which has admitted more displaced persons than all other non-European nations put together. Many thousands more "near DP's"—persons from war-weary localities—have swelled Canada's postwar immigration. These three youngsters, now on an Ottawa farm, came from the Netherlands. They are Arnoldus, Henricus and Wilhelmus van Moersel.

Acheson Sworn In as Secretary of State

With President Truman looking on in the background, Dean Acheson is sworn in as Secretary of State by Chief Justice Fred M. Vinson in the President's office. Standing next to the chief executive is Sen. Tom Connally of Texas, chairman of the Senate Foreign Relations Committee.

Three On One

Marty Costa, Penn State's six-foot six-inch basketball center, towers above and more than spread eagles a trio of little teammates. The short stuff, left to right: Kenny Weiss, Joe Tocci and Milt Simon.

Planning for '49

Against a mural of the Cleveland Stadium, Vice President Frank Greenberg, right, and Manager Lou Boudreau of the Indians talk over prospects of the 1949 season in Cleveland. Greenberg points to the shortstop spot where Boudreau will play. The player-manager is ready to sign his '49 contract, which will reportedly give him more than \$20,000 for the year.

YWCA Directors Rename President In Annual Session

The YWCA board of directors reelected Miss MayBelle Barstow as president for 1949 at the reorganization dinner-meeting held last evening in the activities building.

Others elected to responsible positions were Mrs. Leonard Knupp, first vice president, Mrs. E. K. Rogers, second vice president; Mrs. J. R. McLaughlin, recording secretary, Mrs. A. T. Slatry, corresponding secretary; and Mrs. U. S. Rogers, treasurer. The slate was presented by Miss Rowena Sammel, who had been assisted by Mrs. Leonard Knupp and Mrs. P. E. Fenderson, as a nominating committee.

Miss Barstow appointed the following board members to serve as chairman or as a member of the following committees: Membership, Mrs. Leonard Knupp and Mrs. Carl Whipple;

personnel, Mrs. E. K. Rogers; finance, Mrs. Robert Schorman, Miss Rowena Sammel; Y-Teen, Mrs. Everett Eddy, Mrs. James Bailey; Young Adult, Mrs. Hugh Logan; housing, Mrs. Grover Lind; cafeteria, Miss Jennie Ryan; building and grounds, Mrs. P. E. Fenderson; religious and world fellowship, Mrs. W. F. Bennett; public affairs, Mrs. A. T. Slatry; publicity and interpretation, Mrs. James Cable; Traveler's Aid, Mrs. J. P. Rogers.

The executive committee will be the officers, the finance chairman, and Mrs. W. F. Bennett and Mrs. Grover Lind. Personnel of the committees to assist the chairman will be selected from the membership this week and the new committees will get their work underway in early February.

Well-Deserved Commendation Given William Wilderman In Recital Here

William Wilderman, bass of the San Carlo Opera Company, is an outstanding artist, as was conclusively proved by his remarkable presentation of a highly varied program in his recital in First Presbyterian church here.

His expressive personality instantly established accord with the audience. He was always communicative whether he was singing English, German or Italian, arousing his listeners to well-deserved ovations during the program.

Wilderman opened his recital with three songs in the Italian bel canto style. The opening number, "Tu lo sai," revealed his wide range of tone from pianissimo to fortissimo, and his ability to sing legato as well. The second group was made up of Schubert's "Wohin! Das Wandern und Der Lindenbaum." These tuneful representatives of the German lieder were delivered with precision and considerable shading. If there could be any criticism in the entire evening, one might have wished for a bit more lightness in this group of songs.

It is near impossible to decide what impressed most, but perhaps the highlight of the evening was the deeply moving aria "Il lacerto Spirito" from Verdi's Simon Boccanegra. In this number, Wilderman evidenced his fine dramatic sense. Throughout the wide range of this aria, his voice was resonant and musical.

The remainder of the program was made up of a group of familiar English songs and a group of Spirituals, "Stand Still Jordan," "Dry Bones," and "Poor Wayfarin' Stranger."

Throughout the program one was aware that here was a great voice, deeply resonant, always in perfect intonation, a voice capable of any demands made upon a singer.

Mr. Wilderman was recalled to the stage for several encores, including his beloved "Lacerto Spirito" in the entire evening, so one might have wished for a bit more lightness in this group of songs.

Community PTA Council Planning Events For Future

The January meeting of the Community PTA Council was held in the YWCA activities building, with Mrs. James E. Richards presiding and opening the session with the PTA Prayer.

Mrs. Walter Mathyer gave the recreation committee report, stating that seven community parties have been given so far, with fine attendance at each.

Announcement was made of the next, Clare Tree Major play "Pinocchio," which will be presented at the Library Theatre on March 19. Work on posters is getting under way in various schools, it was stated, and prizes will be awarded as before.

A letter was read from Mrs. Treva Leach, president of the Northwest District, telling of the Golden Jubilee project of the Pennsylvania Congress, which means the raising of funds to present to a boy or girl in each of our 14 state teacher colleges a scholarship gift of \$500, so that these young people may complete their training as teachers in Pennsylvania schools. The project involves the sum of \$7,000, which the Pennsylvania Congress raises through gifts from all local units and councils. The Warren Council voted to contribute \$100.

Announcement was made that the spring conference will be held in Erie, May 3rd. It was voted that the Council would sponsor all Girl Scout troops formed at Beatty school. Mrs. Richards announced that a visit for Founders' Day will be presented over WNAE sometime in February.

Dr. Carl E. Whipple congratulated the units on their fine Christmas programs presented in the elementary schools, and announced that Progressive Achievement Tests will be given in all schools Thursday, January 27.

Following adjournment, refreshments were served from a table beautifully appointed with a centerpiece of daffodils and purple iris. Johnson unit served as hostesses with the following committee: Mrs. Walter Johnson, Mrs. Robert Durham, Mrs. Joseph Hoffman and Mrs. Robert DeLong.

McClintock and Seneca units will be hostesses for the next meeting to be held March 13.

Clarendon Garden Club Has Election

The Clarendon Garden Club held its regular meeting at the home of Mrs. Treva Carlson, with 11 members in attendance. A feature of the business session was election of the following officers for the coming year:

President, Mrs. Peter Yagge; vice president, Mrs. Lorin Carlson; secretary, Mrs. Charles Schneider; treasurer, Mrs. Jay Dorsey.

An interesting discussion period which followed considered the program to be carried on in the coming year. Mrs. Yagge was appointed to be in charge of the program for the February meeting.

The remainder of the evening was enjoyed with playing of five hundred, with prizes going to David Johnson and Ruth Hager for high; Mary Mason, low.

The conclude, delicious refreshments were served by the hostesses, assisted by Mrs. Madeline Peterson.

The next meeting will be held at the home of Mrs. Madeline Dorsey February 17.

YOUNGVILLE UNION

The January meeting of the Youngville WCTU was held at the home of Mrs. Gilbert Sanford, West Main street, with Mrs. Martha Freeborough as co-hostess and a good attendance of members. Devotions were conducted by Mrs. Ekis and the president, Mrs. C. C. Johnson, was in charge of the meeting.

A copy of the State Standard of Excellence was read and consideration given those points which it seemed possible to attain locally. A report was given by the two representatives of the union who attended classes in scientific temperance work for group discussion in the Youngville school, when Rev. M. R. Everett, of the state organization, used in his group meetings some of the reports of Yale University in regard to the alcoholic problem.

Mrs. Raymond Kerr was program leader, her talk considering the work accomplished by Alcoholics Anonymous. A delicious luncheon was served by the hostesses. A letter was read from Stanley Laurence, superintendent of the Reuse Hospital, expressing his appreciation to the union, which at Christmas-time, brought cheer and gifts to those in his care.

The next meeting will be held with Mrs. Vera Johnson on February 18.

Rockets Again Upset Style Shop, 53 to 52

The Rockets did it again! In the first half campaign of the City basketball League, the Rockets were the only team able to upset the apparent favorite Style Shop.

Last night on the Y floor, the Rockets tangled with the fire-breathing Style Shoppers in a hard-fought battle, and the Rockets came off with a 53-52 whisker.

Ave Bevevino blazed the victory trail for the Rockets with points while Bill Massa was man for the losers with 14.

The same single-point margin featured the second City game tilt last night in which New Process five edged the Eriean Legion, 31 to 30.

Warren Sports Boosters Set For 3rd Annual Lettermen's Banquet at the Marconi Club

Sports Boosters and fans are awaiting tomorrow night's 3rd annual banquet when they will be addressed by Coach George A. Munger of the University of Pennsylvania and honor some 50 guests from Warren High School. The guest list includes 38 football and basketball lettermen and members of this year's graduating class; plus coaching staff and members of the faculty.

Munger will arrive in Warren early Wednesday morning. During the day he will meet with officers of the Warren County Alumni Society of the University of Pennsylvania and also have an opportunity to meet members of the coaching staff at the high school.

One of the high spots of tomorrow night's program will be motion pictures depicting the games in which the University of Pennsylvania engaged last Fall. These include pictures of games with Army, Navy, Cornell and Penn State as well as several others. These pictures are taken each Saturday, shown to the players on the Monday and Tuesday following each game and then at the season's end the films are pieced together so as to retain the most interesting spots and the best plays of all the games. The pictures will interest all who see them.

Emphasis is placed on the starting time of tomorrow's banquet. Dinner will be served promptly at 6:15 p. m. so that the main part of the program may be over at 9 o'clock. Munger must catch a train out of Jamestown at 9:47 for another appointment the following day and members of the Varsity basketball team are due to "turn in" early that they may be in shape for Friday's game.

Members of the committee in charge of the banquet tomorrow night, augmented by other Sports Boosters, worked at the Marconi Outing Club last night arranging tables and taking care of the decorations which were planned by J. Russell Hanson. Those present last night were: Ray J. Reed, chairman; D. E. McComas, Dr. R. J. Elliott, Ruel Smith, Richard Schumacher, C. T. Berdine and Walter Lee.

An added attraction at tomorrow night's banquet will be the appearance of the Every Knights Quartet which will be on the program and furnish some of the musical entertainment. This well-known Barber Shop Quartet consists of Art McDonald, Howard Johnson, Bob Duff and Stewart Nelson.

The ticket sale was officially closed last night and it was announced that no tickets for the banquet will be on sale at the Outing Club tomorrow night.

Louis Offer Stirs Up Lot Of Confusion
Chicago, Jan. 25.—(P)—An offer by Joe Louis to defend his heavyweight boxing crown for a \$400,000 guarantee in Chicago's Soldier Field next June has stirred up a measure of political and contractual confusion.

Joseph T. Plunkett, special services chairman of the Cook County Central Democratic Committee, said his group was planning to land the fight in Chicago, but had rejected Louis' offer as too exorbitant.

Plunkett was promptly taken to task by Col. Jack (Jake) Arvey, chairman of the Democratic committee, who declared that "Plunkett was speaking only as an individual and not as a member of the Democratic party."

In the meantime, Harry Markson, director of the 20th Century Sporting Club, got to the act. In New York he said Louis was under contract to the 20th Century until October, 1950, and will not defend his title anywhere but in New York.

At Miami, Fla., Joe's lawyer, Truman Gibson, said the champ is a "free agent" and that the title match offer has been made to Plunkett "in writing."

"Louis was under contract to Mike Jacobs as long as Jacobs actively promoted fights, but he was never under contract to 20th Century. He fought for 20th under two single contracts, but that doesn't mean he is under contract to them."

If a suitable opponent is found, Louis intends to defend his crown this summer. This suitable opponent, according to Plunkett, would be the winner of the Joe Maxim-Ezzard Charles bout at Cincinnati Feb. 28.

BOWLING SCORES

CONEWAGO CLUB: Johnsons lost the first round and then fired two 852 scores to take three of the four match points away from the Elliotts in a league scrap last night. Dr. Cashman was top man for the Johnsons with his series on games of 150, 206 and 184. Graham was the best scorer for the losers with 148-154-229-531. Scoring:

Johnsons 772 832 852-2476
Elliotts 788 758 850-2396

ELKS LEAGUE: C. Greenlund racked up a 579 total on games of 208, 189 and 182 and his team, mate, N. Andersen put together linescores of 216, 169 and 173 for a 558 total to lead Lewis Market to a clean sweep of the match points against Nine-O Garage. In other league scraps, Smith's Lumbar shellacked Bakers, and 3-1 decisions were credited to A. & B. Appliances over Zero Ice and to Geracimos over Beyers.

Scoring:

Nine-O 714 814 732-2380
Lewis Market 867 860 746-2573

Smiths 774 789 846-2409
Bakers 728 778 764-2270

Zero Ice 758 803 729-2288

Beyers 670 740 773-2183
Geracimos 815 786 770-2471

X-SERVICEMEN'S LEAGUE: Three teams were deadlocked for the lead position in the second-half race of the X-Servicemen's League on Arcade lanes Monday night. Warren Water topped Warren Land, 3-1; V. P. W. whitewashed Hanna Motor Sales; Mountain Top posted a 3-1 defeat on Fenelec; and Busy Bees stung Style Shop, 3-1.

J. Snyder led the firing for the evening with 204-163-169-536 for the Style Shop.

Team standings:

Team	W.	L.	Pct.
Warren Water	11	5	.688
V. P. W. 631	11	5	.688
Mountain Top	11	5	.688
Style Shop	10	6	.625

MOOSE LEAGUE: Neon Signs plastered a 3-1 sticker on Bartsch Furniture and Schaeffers Electric gave Darling Jewelers the 4-0 shock treatment in league tilts Monday night.

J. Wapies, cleanup for the Neons, posted a 564 total on games of 191, 195 and 173 while his teammate, E. Sedan was credited with a 192-161-203-556 series.

Their efforts were almost matched, however, by two of the Bartsch squad—W. Lohnes with 157-198-205-560 and A. Clark with 176-192-186-554.

Scoring:

Neons 863 801 876-2645
Bartsch 771 841 847-2459

Schaeffers 781 814 798-2420
Darlings 695 717 733-2195

MEN'S CITY LEAGUE: Five 600 series, topped by Bud Carlson's 676, highlighted the Class A City League ring on Penn slides last night. Carlson put together linescores of 220, 163 and a blistering 273 to enable the Warren Billiard Academy to beat Dykes Dairy, 3-1.

In other scraps, Butter Krust notched a thumping new league record match total of 2935 sticks to whitewash Warren Building Blocks; Stroehman's Bakers split even with Carver House; and Glendora Coffee had to be content with a 2-2 division with Texas Lunch.

Contributing to the new high match total for Butter Krust were Nummy Wooster with 205-216-208-629; Red Farr with 185-214-218-619; and Harold Clepper with 210-210-195-618.

Fred Gagliardi racked up a 603 aggregate on games of 245, 173 and 180 for the Building Blocks.

Two-platoon Oil City Five Meets Dragons Here Tonite

Warren High Dragons will probably stack up against the two-platoon system for the first time this season when they take on the Oil City basketballers in a Section Two league scrap tonight.

The game will be played on the Beaty floor, starting at 8:15 o'clock. A preliminary round is slated for 7 p. m. A play-by-play broadcast of the varsity game will be carried over the facilities of WVAE-FM.

The Oilers have won both of their league scraps, beating Meadville by a 54-40 margin, and thumping Titusville, 51 to 23. The Dragons have split even in their Section Two tilts, swamping Titusville, 61 to 24, and losing to the high-driving Franklin five, 31 to 26.

The Oilers squad packs plenty of height all down the line, and when the starting five shows signs of tiring, the alternate (not the second) five takes over. High scorer for the Oilers is Dutch Burch, starting forward, who has racked up 27 points in two games. By way of comparison, Gail Nelson and Ted Shattuck, ace Warren guards, are credited with 28 and 22 point totals, respectively, for the Blue and White's two league scraps.

A second Section Two tilt tonight will pair Meadville against Titusville on the Rockets' floor.

Tonight's cage card also lists Pleasantville at Youngville; Sheffield at St. Marys; and Emporium at Kane.

Boudreau Signs Up For Record Salary

Cleveland, Jan. 25.—(P)—Lou Boudreau put his name on a Cleveland Indian contract today that placed him among the highest paid performers in baseball.

The handsome shortstop-manager of the World Champion Indians signed a new two-year contract on a straight pay basis—with no attendance bonuses involved.

In terms of cash, it is hard to determine what that will mean but President Bill Veck of the Indians termed it one of the highest salaries in the history of the game. That would put it up around Bob Feller's reputed \$82,000 and the \$80,000 Babe Ruth earned one season with the Yankees.

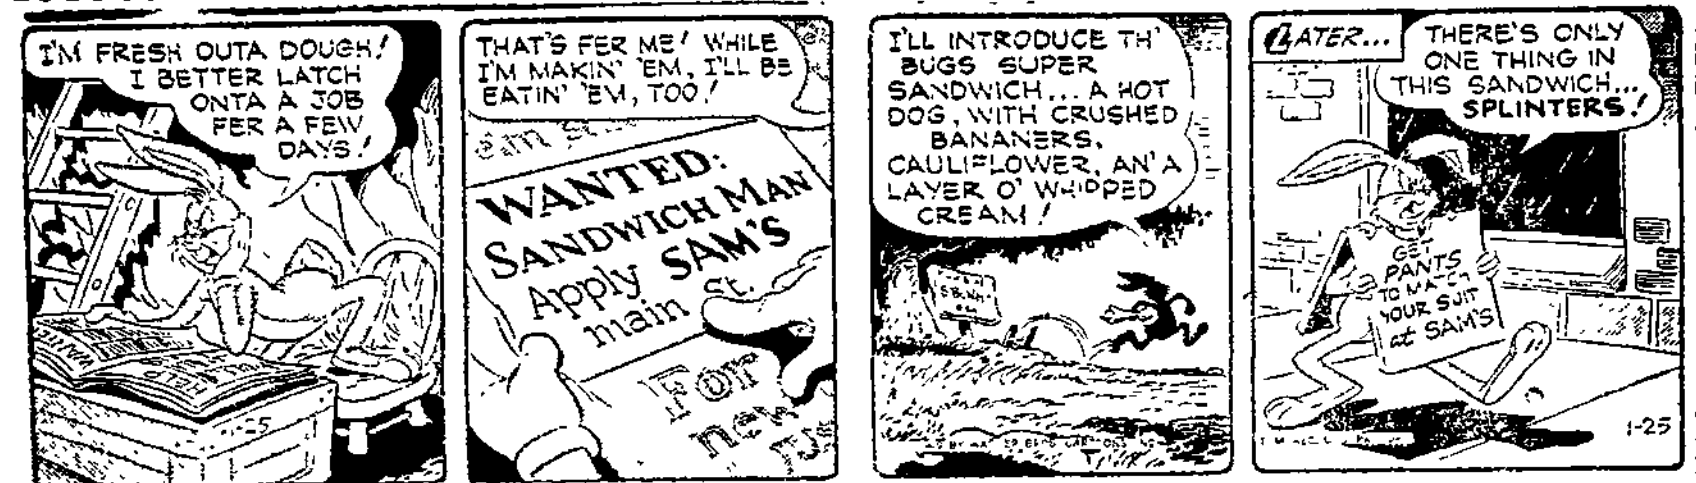

Boudreau has been working under an old contract with one year to run and it is estimated he earned above \$50,000 last season. However, Veck said the old one was torn up and the new one substituted.

"This is a straight contract,"

Barbershop Singers Hold Fine Meeting In Youngsville

About 60 Barbershop members, including 15 from the Corry chapter, were present at the party held at the home of Harry Lewis Jr., Pleasant township, last evening as a farewell to Mr. Lewis.

Master of ceremonies for the evening was Leroy Schneek, who introduced several impromptu quartets following which the Barbershop chorus held its regular rehearsal.

Guests at the party included Charles Thomas and Frank Maniski, student music teachers from the State Teachers College, who are in Warren doing a month's practice teaching under Harry Summers. Mr. Thomas played with Les Brown's band during his term in the Navy in the war, and entertained with several piano selections.

At the conclusion of the entertainment, a bounteous lunch was served.

Youth Party In Youngsville Friday Night

Several committees representing the Youngsville PTA are readying plans for a community youth party to be held in the high school building on Friday evening, eight until eleven o'clock, the first of a series of such affairs planned for the young people.

Each student is privileged to bring a guest, with the party limited to the four top grades and no person over 21 years of age eligible to attend.

Chaperoning the party will be Mr. and Mrs. Isadore Schnell, Mr. and Mrs. Earl Walter.

Mr. and Mrs. Don Abraham will head the committee on games; Mr. and Mrs. Bob Spencer and Mrs. Don Agnew will be in charge of the cake bar; and decorations in a Valentine motif will be the assignment of Mrs. Johnson, Mrs. Marian Abraham, Mrs. Lorraine Sittler, Mrs. Pauline Halfast, and Mrs. Archie Littlefield.

Dancing will be to record music, with the program of games to entertain those who do not care to dance.

Personal Paragraphs

Mrs. J. Fred Ingram and son, Tommy, of Beaver Falls, are in town to visit Mrs. Ingram's parents, Mr. and Mrs. H. H. McConnell, Market street.

Rev. and Mrs. Ralph Richardson returned Monday to their home in Erie after coming for their daughter, Nancy Sue, who has spent the past week with Mr. and Mrs. Otto Peterson, Schanz street.

P. S. E. A. Will Hold Meeting In Youngsville

The Warren County Branch, Pennsylvania State Education Association, comprised of teachers of all public schools outside Warren borough, will have a mid-winter get-together in the Youngsville High School at eight o'clock Wednesday evening.

The affair will be purely social in nature, with Helen Morrow and Helena Iseman in charge of the program arrangements and Margie Finlan supervising the refreshments.

Featuring the entertainment will be a mock radio skit, "King For a Day" with Mr. Eerr, 12 Tidoute, as emcee for a well planned but unrehearsed program. Contestants, representing schools all over the county, have been selected and much fun is anticipated.

In addition to the skit, there will be dancing by some of Dick Rapp's pupils and Don Aberg, of Youngsville, will sing. Dancing will be to the music of the Briggs Orchestra of Pleasant township.

Pomona Will Meet Feb. 23 In Youngsville

Valley Grange, No. 848, is completing plans today for entertaining the quarterly meeting of Warren County Pomona Grange, No. 10 at the Brokenstraw Grange hall in Youngsville on Thursday, February 23, details to be announced soon.

Worthy Past Master LeVerne Decker was in charge of the regular meeting of the Valley group, when the following officers for 1949 were installed by the Akeley staff:

Overseer, Romaine Griggs; lecturer, Jane Gage; steward, Claude Griggs; assistant steward, Earl Strom; chaplain, Alice Bush; secretary, Marie Toulrold; treasurer, Floyd Swanson; gatekeeper, Harry Brew; Ceres, Minnie Griggs; Pomona, Martha Bush; Flora, Esther Ruhlman; lady assistant steward, Virginia Strom; executive committee member, Floyd Swanson.

The large group in attendance included member-visitors from both Akeley and Warren Granges, the entire gathering enjoying the oyster supper served by Jane Gage and her committee.

Great News for Farmers

Here's the ideal portable saw for all-around timber cutting

With the McCulloch chain saw, one man can fell standing timber easily, buck logs quickly, cut off stumps close to the ground. You can't beat it for making fence posts, cutting firewood, or for cutting and bucking timber for sale or on contract.

Amazingly light The 20-inch saw weighs only 45 pounds complete, yet its special McCulloch engine packs a full 5 hp. And look at these other features: automatic clutch stops the chain when the engine is idling, blade retracts to any angle for easier bucking, felling, or ripping, recoil starter is kickproof; footless carburetor permits operation in any position. All-purpose Rip-Cross chain.
